Pantone 293c

Please Note:
Some small details may fill in or not print properly, if approved you are also approving the risk of this happening.

Represents the approximate available print area and does not show on final product.

****Please note** that some small details may at least be partially filled in and some movement may occur between print colours. Placement and size of the design is approximate. If parts of the artwork appear outside this boundary, they will still be printed in full. With all print onto latex balloons, we cannot guarantee a pantone colour match with 100% accuracy and results may vary.

Please Note that if your design is small in height or width, it may appear lost on the balloon, the visual is just an approximate size, and does not represent the actual size of the balloon when inflated.
